

LITTLE BIG  
LAND WANTS YOU

FOR THEIR ENGLISH  
IMMERSION CAMPS IN FRANCE

LITTLE BIG LAND ORGANIZES WEEKLY, ENGLISH IMMERSION CAMPS IN FRANCE FOR FRENCH CHILDREN AND TEENAGERS FROM APRIL TO AUGUST AND IS LOOKING FOR MOTIVATED CAMP COUNSELORS.

- › You are perfectly **fluent** in English (native speaker or have lived in an English-speaking country)
- › You are interested in working with French youths and help them **discover** the English-Speaking-World through **activities**, projects, sports and games (no more lessons!).
- › You are **knowledgeable**, **serious** and mature.
- › You have **experience** working in or being part of a **camp environment**.
- › If you are French, it would be best if you had your **BAFA** (not always mandatory for our camps)
- › If you are a native English speaker, your Visa may sometimes be extended.

As you might have noticed during your time in France, it is very difficult to allow French children to learn how to manipulate the English language to exchange and communicate successfully. Our goal is to create a safe environment, our "villages", in which **English becomes the official language** for one or two weeks, and to organize **a wide range of activities and games** to let them practice their skills without realizing it.

- › Camps are organized **all around the country** (ask us for more details or check our website).
- › You may apply for **one** or **more** camps according to your dates of availability.
- › We provide **housing**, **laundry** and **transportation** within the country for the duration of the camp(s).
